PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate (2024–2028) and aspiring Full Stack Developer with rigorous foundations in modern web architectures, algorithmic problem solving, and object-oriented software engineering. Hands-on experience developing responsive full-stack applications utilizing React.js, JavaScript, Node.js, Express.js, Java, Spring Boot, MongoDB, and MySQL. Proficient in designing secure RESTful APIs, relational and NoSQL database modeling, and exploring scalable cloud fundamentals with AWS.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript (ES6+), HTML5, CSS3
- **Frontend Development:** React.js, Vite, Tailwind CSS, Bootstrap, Responsive UI, State Management
- **Backend Development:** Node.js, Express.js, Spring Boot, RESTful APIs, JWT Authentication
- **Databases & ORM:** MongoDB, Mongoose, MySQL, ACID Relational Queries
- **Developer Tools:** Git, GitHub, VS Code, Postman, npm
- **Cloud & Concepts (Learning):** AWS (EC2, S3, IAM), Cloud Foundations, System Design, DSA in Java

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science and Engineering | 2024 – 2028 (Currently Pursuing)
Maharishi Markandeshwar (Deemed to be University), Mullana, Ambala, Haryana

- **Core Coursework:** Data Structures & Algorithms, Object-Oriented Programming (Java), Database Management Systems (DBMS), Operating Systems, Computer Networks.

Class 12th (Senior Secondary) – Science Stream (PCM) | Passing Year: 2023 | 75.0%
R.L.S.Y. College, Bettiah, West Champaran, Bihar

Class 10th (Secondary School Examination) | Passing Year: 2021 | 80.6%
Sahu Jain High School, Lauriya, West Champaran, Bihar

TECHNICAL PROJECTS

Wedding Wagon – MERN Stack Wedding Services Marketplace | *React.js, Node.js, Express.js, MongoDB, JWT*

- Architected a multi-sided marketplace connecting clients with wedding vendors with 3-tiered Role-Based Access Control (Customer, Vendor, Admin).
- Engineered vendor service catalog management, date collision availability checks, booking reservation pipelines, and advance deposit tracking.
- Implemented stateless JWT authentication, secure cookie handling, and responsive Tailwind CSS user interfaces.

AI Interview System – Mock Interview Platform | *React.js, Java 21, Spring Boot 3, MySQL, REST APIs*

- Developed a recruitment preparation web platform conducting structured mock interviews across Technical (DSA, Java, Web) and HR behavioral categories.
- Implemented timed interview sessions, dynamic question delivery, multi-criteria rubric evaluation, and historical performance tracking.
- Coupled React frontend with Spring Boot REST services backed by transactional MySQL persistence and decoupled AI scoring adapters.

AI-Based Clothing Recommendation System | *React.js, Python FastAPI, MediaPipe Pose, MongoDB*

- Designed a two-stage outfit recommendation pipeline eliminating cross-gender catalog leakage and ranking ensembles by occasion and silhouette synergy.
- Integrated MediaPipe Pose skeletal tracking estimating anatomical torso-to-shoulder proportions for tailored fashion discovery.
- Built interactive prototype featuring split-view before/after try-on visualization and multi-category wardrobe filtering.

VIRTUAL INTERNSHIP & PRACTICAL EXPERIENCE

CodeSoft – Web Development Intern | May 2026 – June 2026 | Credential ID: 7072c87

- Engineered responsive and cross-browser accessible web pages utilizing semantic HTML5, modern CSS3 styling, and ES6+ JavaScript.
- Constructed interactive DOM components, handled client-side form validation, and adhered to mobile-first responsive design best practices.
- Practiced Git version control workflows, creating feature branches, structured commit messages, and managing GitHub repositories.

CERTIFICATIONS & ACCREDITATIONS

- **AWS Academy Graduate – AWS Academy Cloud Foundations** | 20 Hours Coursework (Issued: 11/10/2026 | Digital Badge: credly.com/go/uuzQvcvn)
- **Web Development Virtual Internship Certificate** | CodeSoft (Credential ID: 7072c87 | Completed: June 2026)
- **Web Design & Development Online Skilling Course** | NSDC & Skill India Digital Hub (SIDH) (Completed: May 02, 2026)
- **GenAI Powered Data Analytics Job Simulation** | TATA & Forage (Completed: July 26, 2025)
